

CONTENTS

Foreword	Takesi NAGATA.....	i
The Recent Variation of Ice Sheet in Mizuho Plateau.....	Shinji MAE.....	1
A Review of Geophysical Studies of Antarctica....	Katsutada KAMINUMA.....	8
Compilation of Magnetic Maps of Antarctic Region for 1975.	Minoru TAZIMA and Hitoshi HARUYAMA....	18
Tectonics and Metamorphism of the Region around Lützow-Holmbukta, East Antarctica	Masaru YOSHIDA....	28
A Note on Assessment of Mineral Resources in the Antarctic.	Keiichiro KANEHIRA....	41
Geochemical Research in the Antarctic, Past and Future....	Tetsuya TORII....	48
Geochemical Investigations of Minerals in the Antarctic.	Kunihiko WATANUKI, Tetsuya TORII, Takashi NISHIYAMA and Hideki MORIKAWA....	52
Marine Gravimetry in Relation to the Antarctic Region.....	Jiro SEGAWA....	57
Uplift of the Antarctic Continent in Elastic Deformation.	Katsutada KAMINUMA, Ryosuke SATO, Yasunori SUZUKI and Mitsuhiro MATSU'URA....	70
Meteorites from Antarctica (Extended Abstract).....	Keizo YANAI....	83
Rate of Snow Accumulation Determined from Oxygen Isotope and Stratigraphic Analyses of the Core from Mizuho Station, East Antarctica (Extended Abstract).	Kikuo KATO, Okitsugu WATANABE, Kazuhide SATOW and Fumio OKUHIRA....	88
Precambrian of the African Continent.....	Kanenori SUWA....	93
Geology and Geologic Structure of the Langhovde and Skarvsnes Regions, East Antarctica.	Yukio MATSUMOTO, Masaru YOSHIDA and Keizo YANAI...	106
Outline of Geology of Cape Ryûgû, Oku-iwa Rock and Telen, East Antarctica.	Yutaka NAKAI, Takashi KANO and Shin-ichi YOSHIKURA...	121
Metamorphic and Plutonic Rocks in the Cape Omega Area, East Antarctica	Morihisa SUZUKI...	128
On the Scapolite-Plagioclase Equilibrium Found in the Cape Omega and East Ongul Island Areas, East Antarctica....	Morihisa SUZUKI...	140
Chemical Characteristics of Biotites and Hornblendes from Metamorphic Rocks around Lützow-Holmbukta, East Antarctica.	Satoshi KANISAWA, Hitoshi ONUKI and Keizo YANAI...	153

Major Element Chemistry of Metamorphic Rocks of the Cape Hinode District, East Antarctica.	
.....Satoshi KANISAWA, Keizo YANAI and Ken'ichi ISHIKAWA...	164
Petrology and Geothermometry of the Clinopyroxene-Garnet Rock from Cape Ryûgû, East Antarctica.	
.....Shin-ichi YOSHIKURA, Yutaka NAKAI and Takashi KANO...	172
The Paleomagnetic Investigation of Antarctica.	
1. Paleomagnetism of Hut Point Peninsula Volcanic Sequence	Minoru FUNAKI... 186
Submarine Topography of the Central Part of Lützow-Holm Bay and around Ongul Islands, Antarctica.....	Kiichi MORIWAKI... 194
Foraminifera from the Eastern Part of Lützow-Holm Bay, Antarctica.	
.....Michio KATO and Yoshiro TAI...	210
A Study on Lithology and Shape Characteristics of Moraine and Marine Pebbles in the Lützow-Holm Bay Region.	
.....Masahisa HAYASHI...	221
